Weequahic High School

Newark, New Jersey

*The Class of Nineteen Hundred and
Seventy-Four*

*Mr. James Barrett, Principal
Leo*

After four years of work, the time has come for you to leave Weequahic High School and pursue your chosen paths. We have attempted to give you the tools necessary for you to map out a good life. You can be sure that if you apply those principles we have tried to teach you, life will be meaningful to you.

We have attempted to show you that, by being a person of color, you will encounter difficulties in life that others will not necessarily face.

Too often we as a people succumb to the pressures of our racist society and find ourselves pushed into a corner and readily accepting anything offered us. We somehow become convinced that because of our color we are limited as to what we can do, and consequently, we give up too easily.

Many of our people have proven their greatness in all walks of life. You are not made of anything less than a DuBois, a King, a Malcolm X, an Andre Watts, a Muhammad Ali, a Carver, a Mary Bethune, and many more. What made them great was not so much their intellect, but their defined purpose in life. They all had goals and, although they met difficulties, they determinedly conquered them. You, too, can achieve this same greatness, or even exceed it, by defining what it is you want out of life, and then pursuing it with all of your strength.

May you know happiness and success throughout your life.

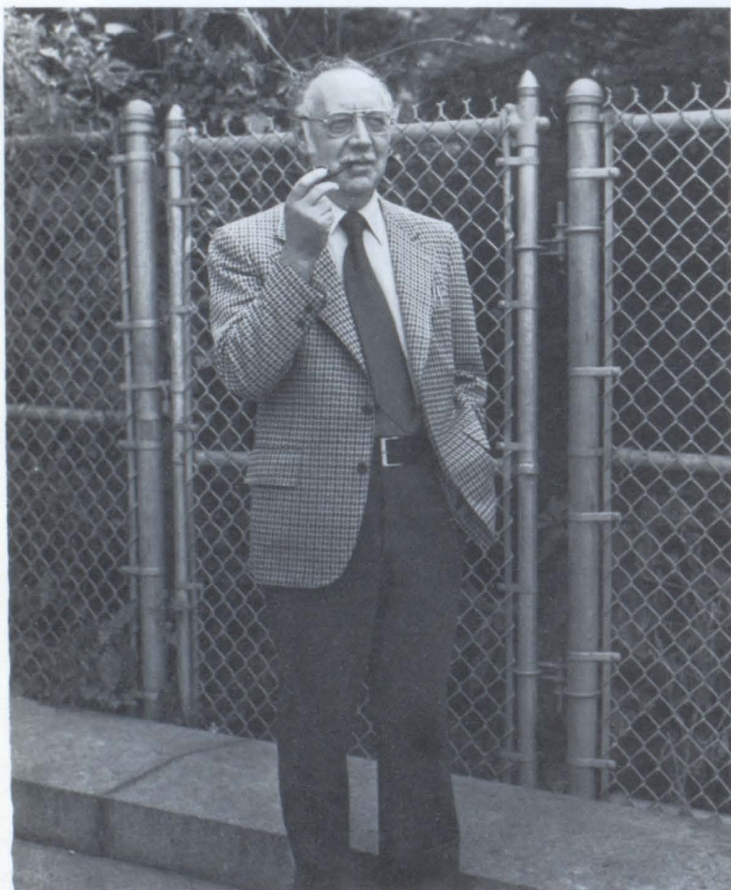

James Barrett, Jr.

*IN THE MOMENT OF REFLECTION
WE REALIZE OUR WORLD-
SOMETIMES EXUBERANT,
SOMETIMES PENSIVE;
SHARING AND REACTING,
TEACHING AND LEARNING,*

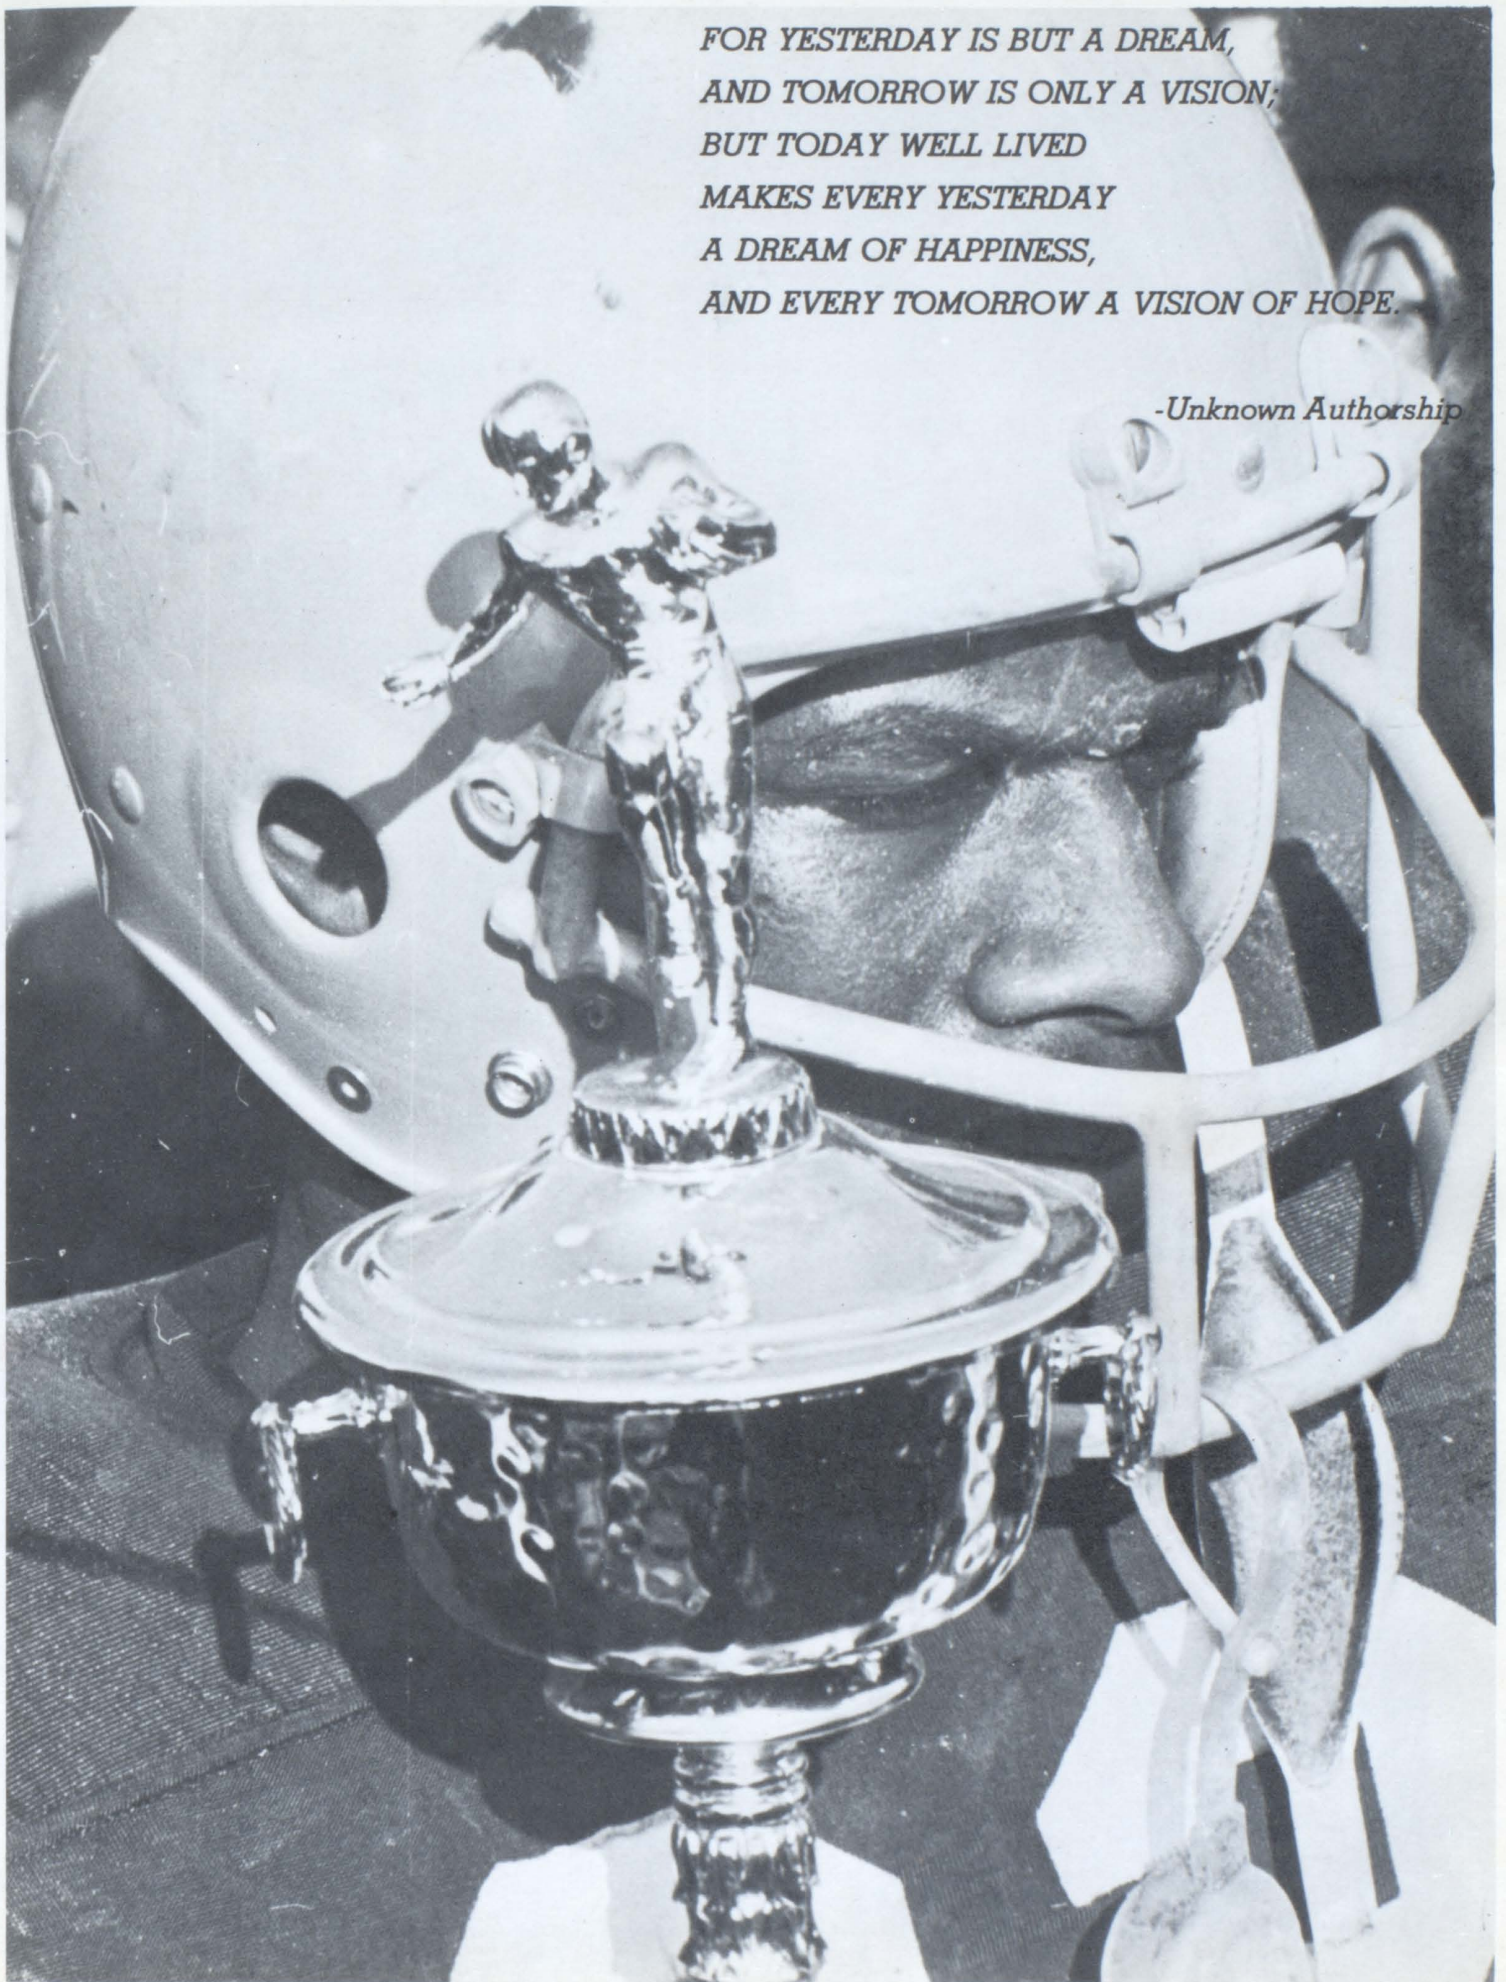

*NEEDING TO BE ALONE,
YET ALWAYS REFLECTING INFLUENCE.
FOUR YEARS LATER,
WE WILL MIRROR THIS COMPOSITE:
THE PERSON WE'VE IMAGINED,
IN THESE FAST MOVING SITUATIONS,
WILL HAVE EXPERIENCED TRUTH
WHICH REFLECTS OUR WORLD
AND TELLS THE STORY
OF OUR AWARENESS.*

FOR YESTERDAY IS BUT A DREAM,
AND TOMORROW IS ONLY A VISION;
BUT TODAY WELL LIVED
MAKES EVERY YESTERDAY
A DREAM OF HAPPINESS,
AND EVERY TOMORROW A VISION OF HOPE.

In the future, this yearbook will serve to stop the time and bring back some of the memories of our four years at Weequahic High School.

As we recall those memories, there are two people whom we'll never forget, Ms. Janice Findley and Mr. Barry Muster. Their generosity, devotion and patience will always be remembered.

*As a token of our deepest appreciation, we the Class of 1974 dedicate this **LEGEND** to them, in hope that they will remember us. For without them, our yearbook and the graduating class of 1974 would not be as together as it is.*

*We, the graduating class of 1974, being of sound mind and body,
do bequeath to the following faculty members of Weequahic High
School some of our most prized possessions:*

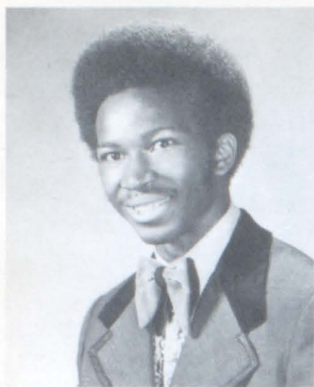

*Mr. Puryear - a wardrobe
Mr. Seltzer - a new collection of chalk marks
Ms. Kaye - new cat glasses
Ms. Feitel - higher heels
Ms. Kelton - some color
Mr. Friedman - a lower voice
Ms. Graham - a smaller pair of glasses
Ms. Hample - a face lift
Ms. Kornhauser - a new pair of shoes
Ms. Zois - a hit on Broadway
Mr. Williams - Black Bean pies
Mr. Eisenberg - some cough syrup
Ms. McClendon - a bra
Ms. Tention - a mirror
Mr. Benton - some better jokes
Ms. Chesney - a sword
Mr. Rosenfeld - the green phantom
Mr. Barrett - a new walk
Mr. Moore - growth pills
Ms. Lutzke - a library card
Mr. Levitt - a new car
Ms. White - a hooky party
Mr. Trunk - a spelling book
Mr. Poeschl - a camera
Mr. May - a box of film
Ms. Reich - a new hair style
Ms. Marcus - a longer skirt
Ms. Pallante - a history report
Ms. Turner - a northern accent
Ms. Findley - a P.A. system of her own*

*If we begin with certainties, we shall
end in doubts, but*

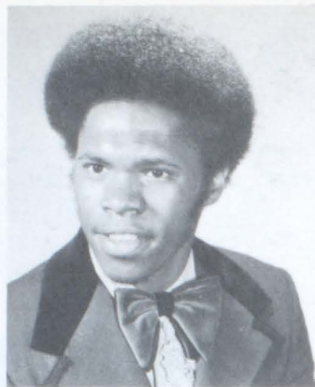

*if we begin with doubts and are
patient in them we should end
in certainties.*

"Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible, without surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story.

"Avoid loud and aggressive persons; they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans.

"Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism.

"Be yourself. Especially, do not feign affection. Neither be cynical about love; for, in the face of all aridity and disenchantment, it is perennial as the grass.

"Take kindly the counsel of the years, gracefully surrender the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress your self with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself.

"You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should.

"Therefore, be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations in the noisy confusion of life, keep peace with your soul.

"With all the dram, drudgery, and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

MORE THAN READING, 'RITING AND 'RITHMETIC

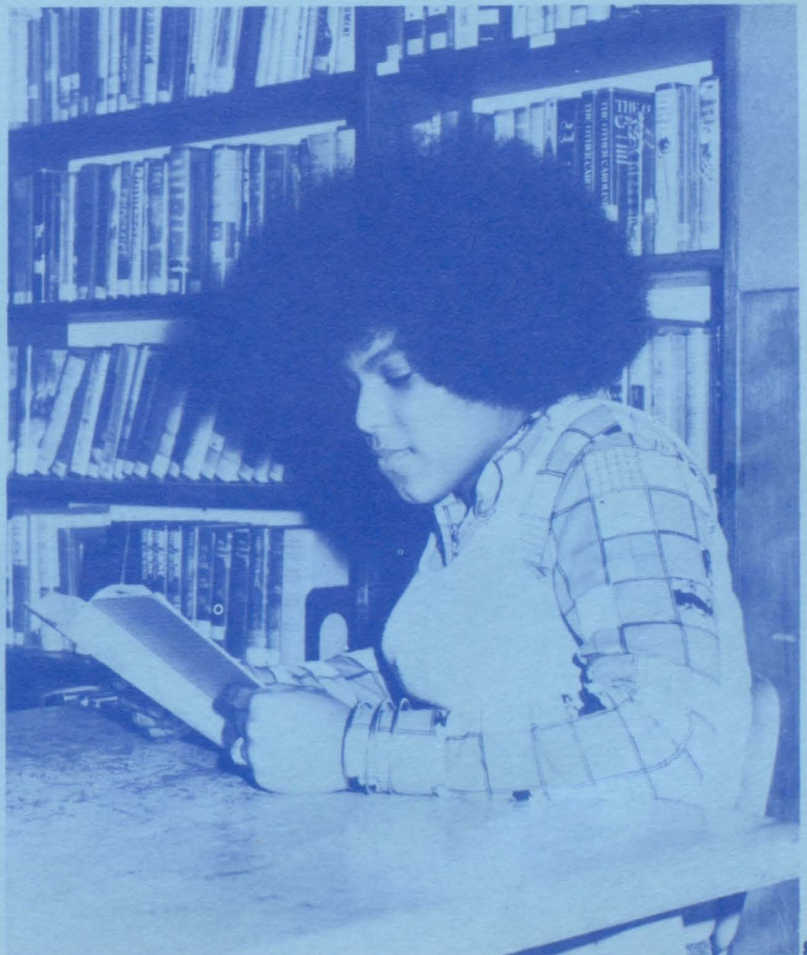

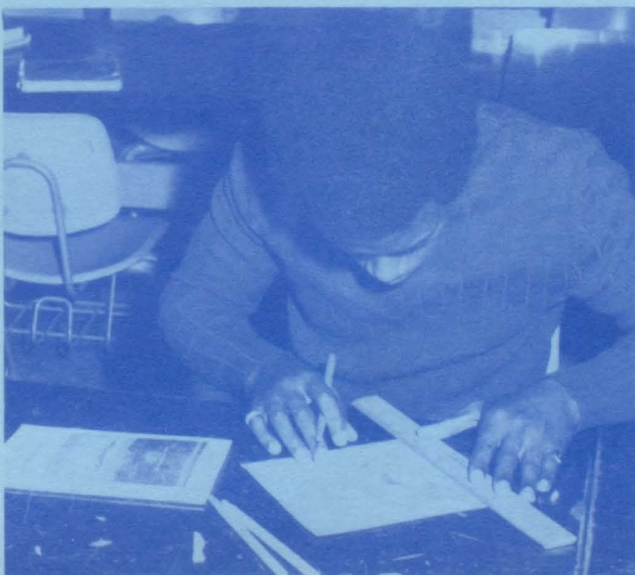

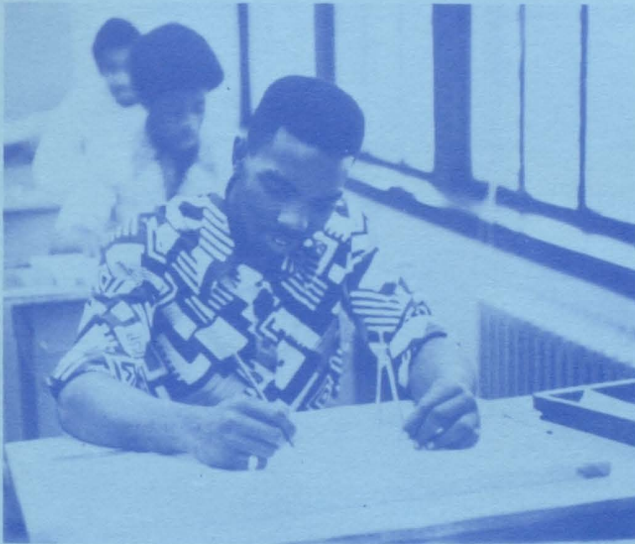

Too often we tend to relate only the fundamentals of learning with school and fail to realize the more important things it accomplishes.

Within our school there are programs dedicated solely to seeking out a student's special talent, ability, or goal and helping him develop and fulfill it to the greatest extent—more than just reading, writing, and arithmetic.

So, let us think, observe, and give credit where credit is due.

Sharon Carmichael

Humanities is the study of English IV and U.S. History II presented to senior students of proven academic ability.

The course was started by Jeanette Lappe and Louise Weinstein eight or nine years ago in an attempt to put the entire story of history together. In addition to politics and economics, theater, art, music, and literature are taught. This provides a total look at man as a human being.

This year, the course has been taught by Mrs. Pallante [History] and Mrs. Marcus [English]. Their future hopes are to expand the course so that all students may participate during all four years of high school.

Vanessa Barnes

NEIGHBORHOOD

N.E.C., Neighborhood Education Center is a special program sponsored by Seton Hall University and the State of New Jersey Department of Community Affairs for students of Weequahic High School who have lost interest in school.

N.E.C. attempts to help students make a new adjustment to themselves and to their schooling.

N.E.C. attempts to help students stay in school and graduate.

N.E.C. attempts to help students function as better students.

N.E.C. attempts to help student regain interest in school.

CENTER

EDUCATION

WORK STUDY PROGRAMS

The Work-Study programs are basically concerned with finding jobs for seniors so that each student can attend school in the mornings and work in the afternoons. They receive ten credits—five from their work in class and five from their job.

The basic goal of the Work-Study program is to place these seniors in jobs corresponding with their career choices and to prepare them for work after graduation. Many of the students have kept their jobs after graduating.

Teachers heading the Work-Study programs are Mrs. Weeks, Mrs. Lewis, and Mrs. Parm.

DRAMA

The Drama Class consists of eager young students who want to someday get into the world of acting. Drama students are taught the fundamentals of acting and stage direction.

Mrs. Zois, who is the drama instructor, gets involved with the students and provides them with a thorough awareness of acting, and tells them what acting is all about.

When Mrs. Zois was asked why Drama couldn't be taken for four years, she said, "Beginning next year Drama will be open to all students in Weequahic."

Mrs. Zois first started the Drama Class in 1968; only nine students enrolled in the class. Next year it is estimated that 200 students will be enrolled.

Drama has come a long way since 1960. Good Luck Mrs. Zois and keep on Truckin' Drama.

EXPRESSION IS GOOD FOR THE SOUL

The Cast of "Our World"

The Film Seminar course is taken in place of junior year English and History. It combines these subjects, but with an emphasis on a humanistic and unifying approach to the subject matter.

The major objectives of the course are to develop an analytical and critical sense which will increase student awareness of the world and man's arts and cultures.

Films are the major study objective, but there is a special emphasis on independent research. Studying film as an art form is a secondary goal of the course.

MIXED CHORUS

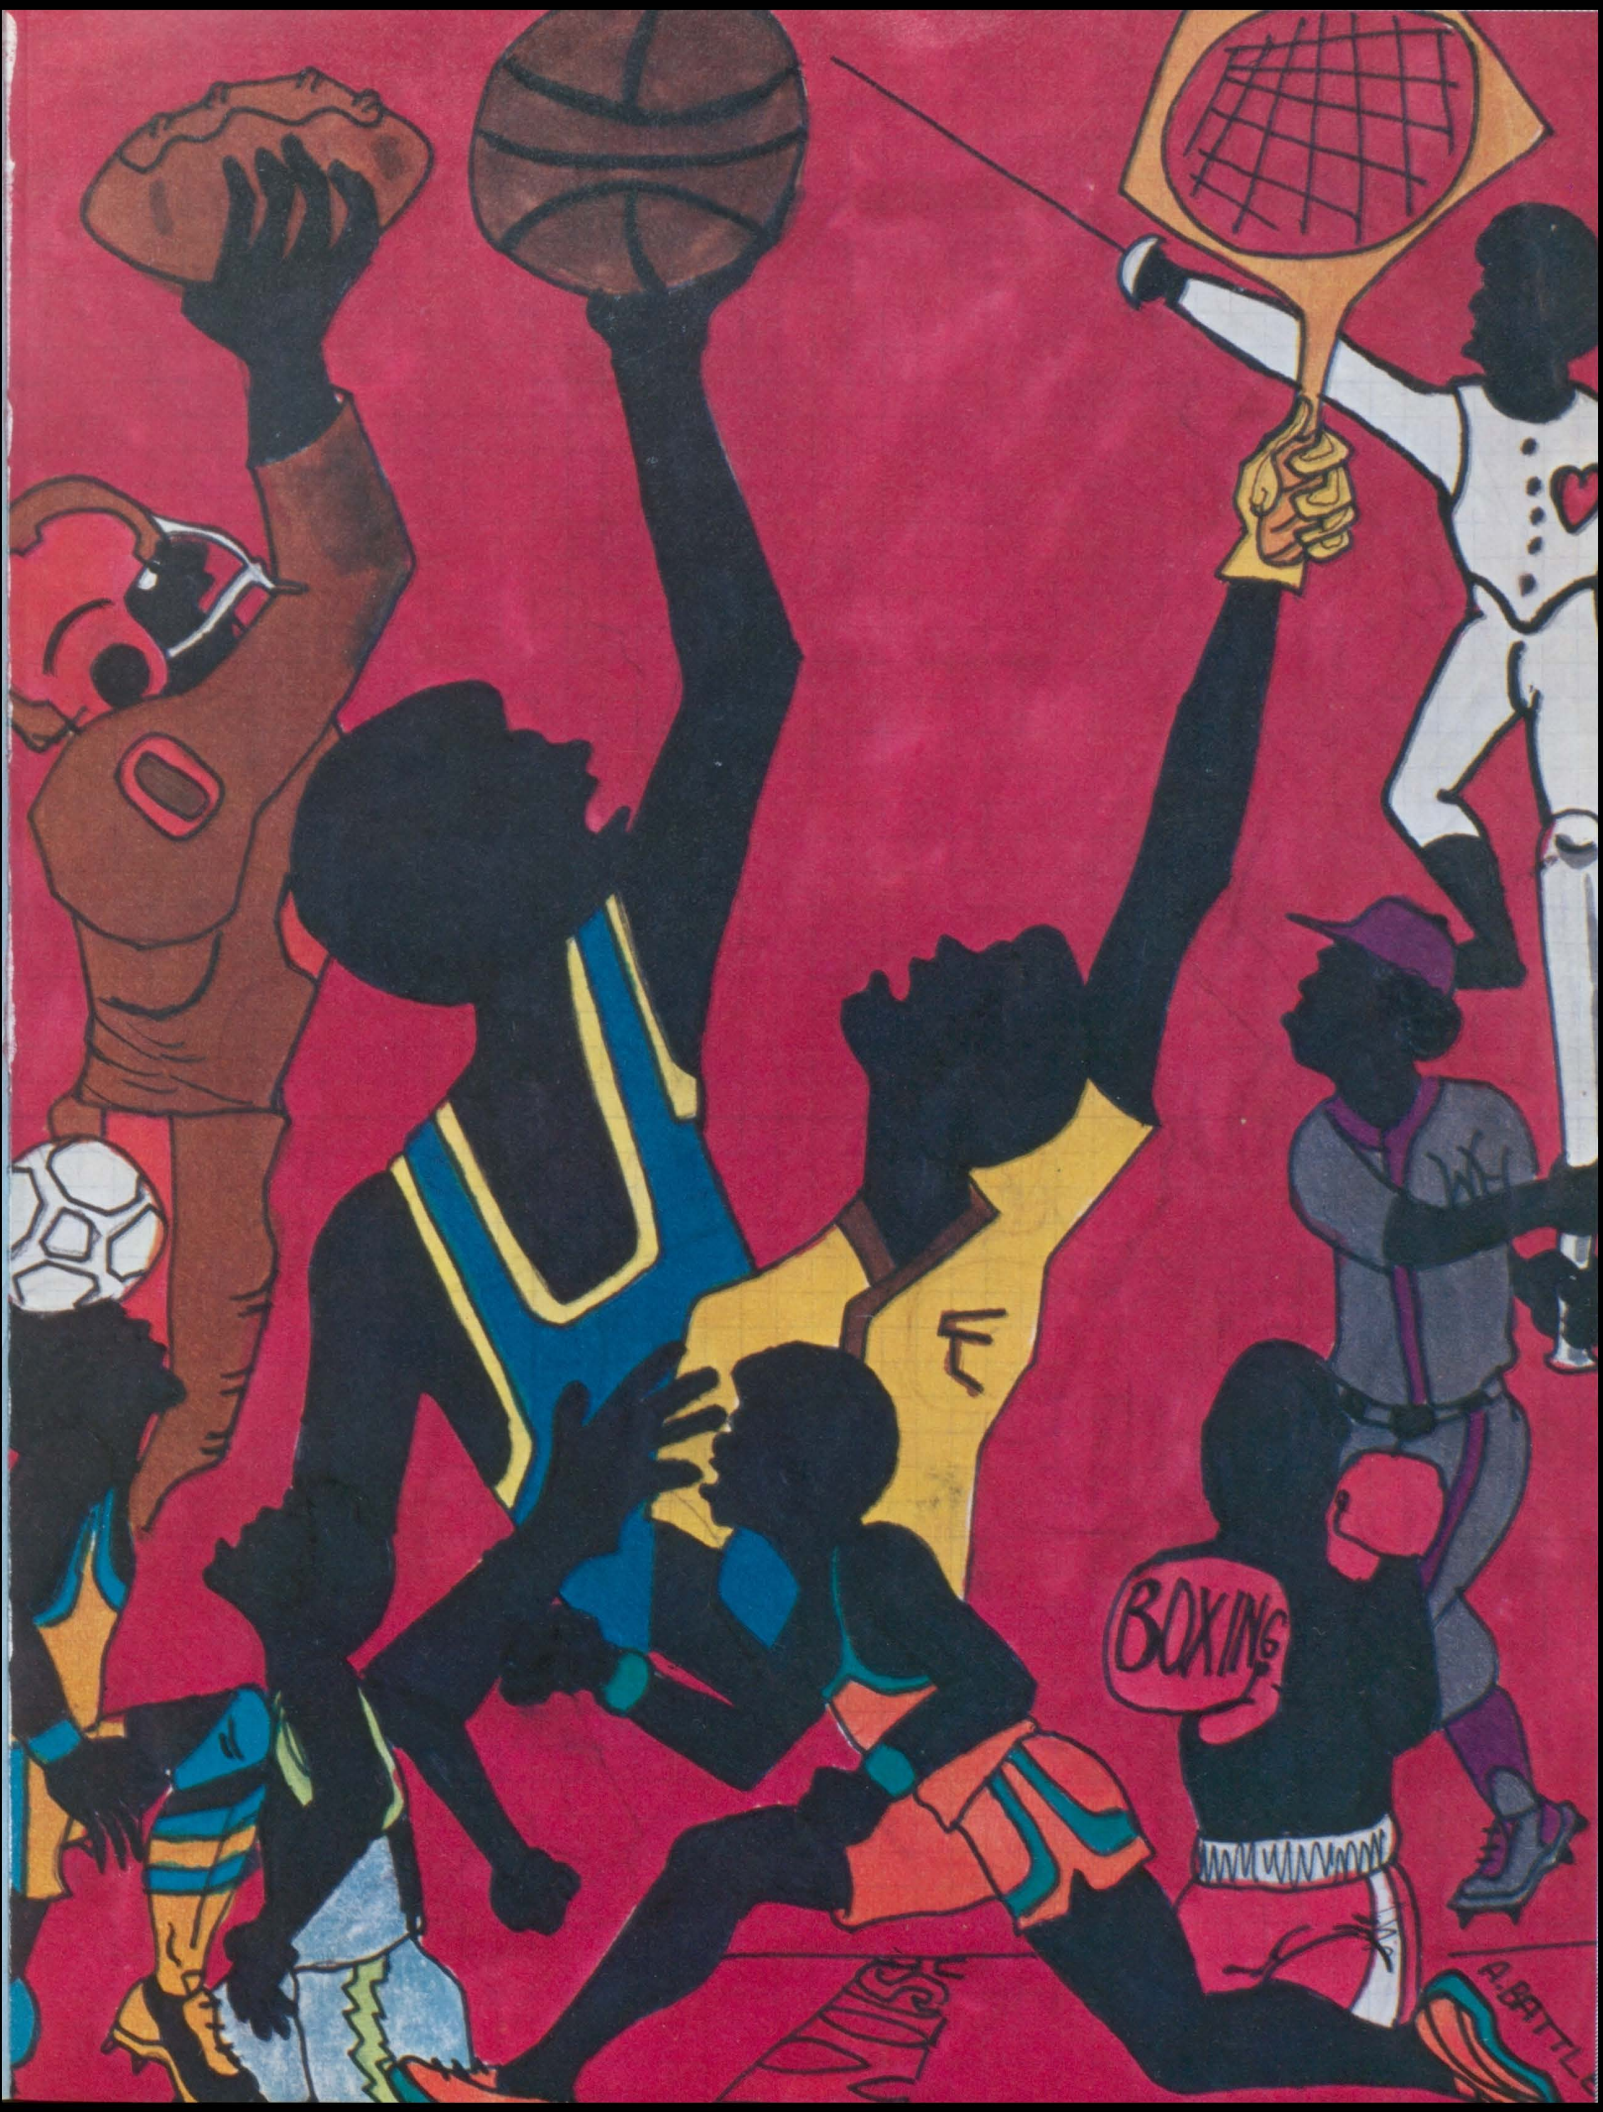

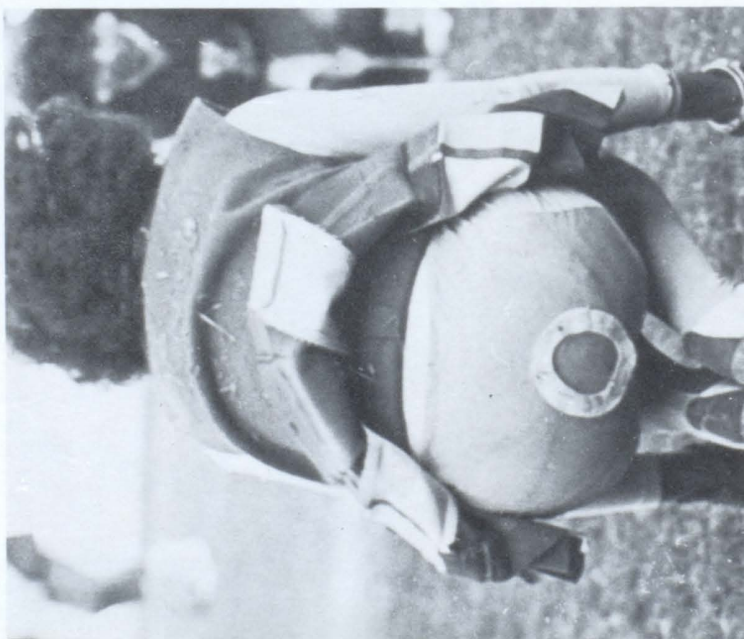

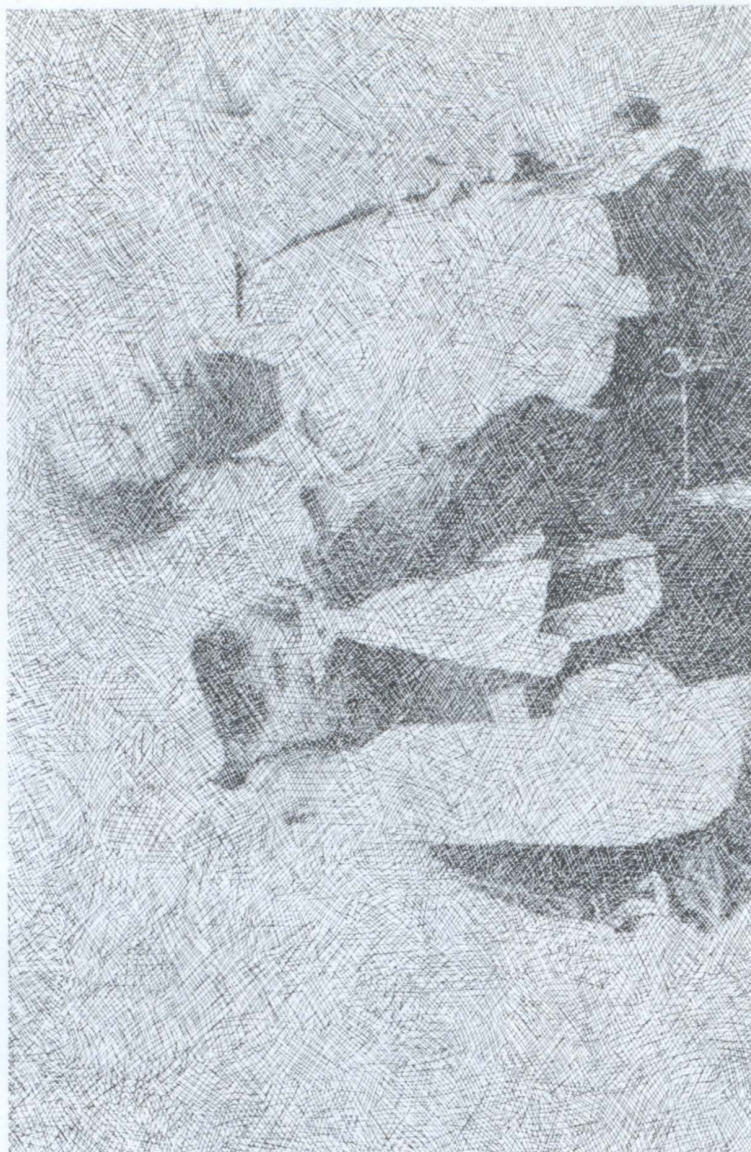

MAP is an advanced mathematics course for students who do exceptionally well in math and who plan to attend college. Since the course is an extra preparation for college, the books used are on a college level.

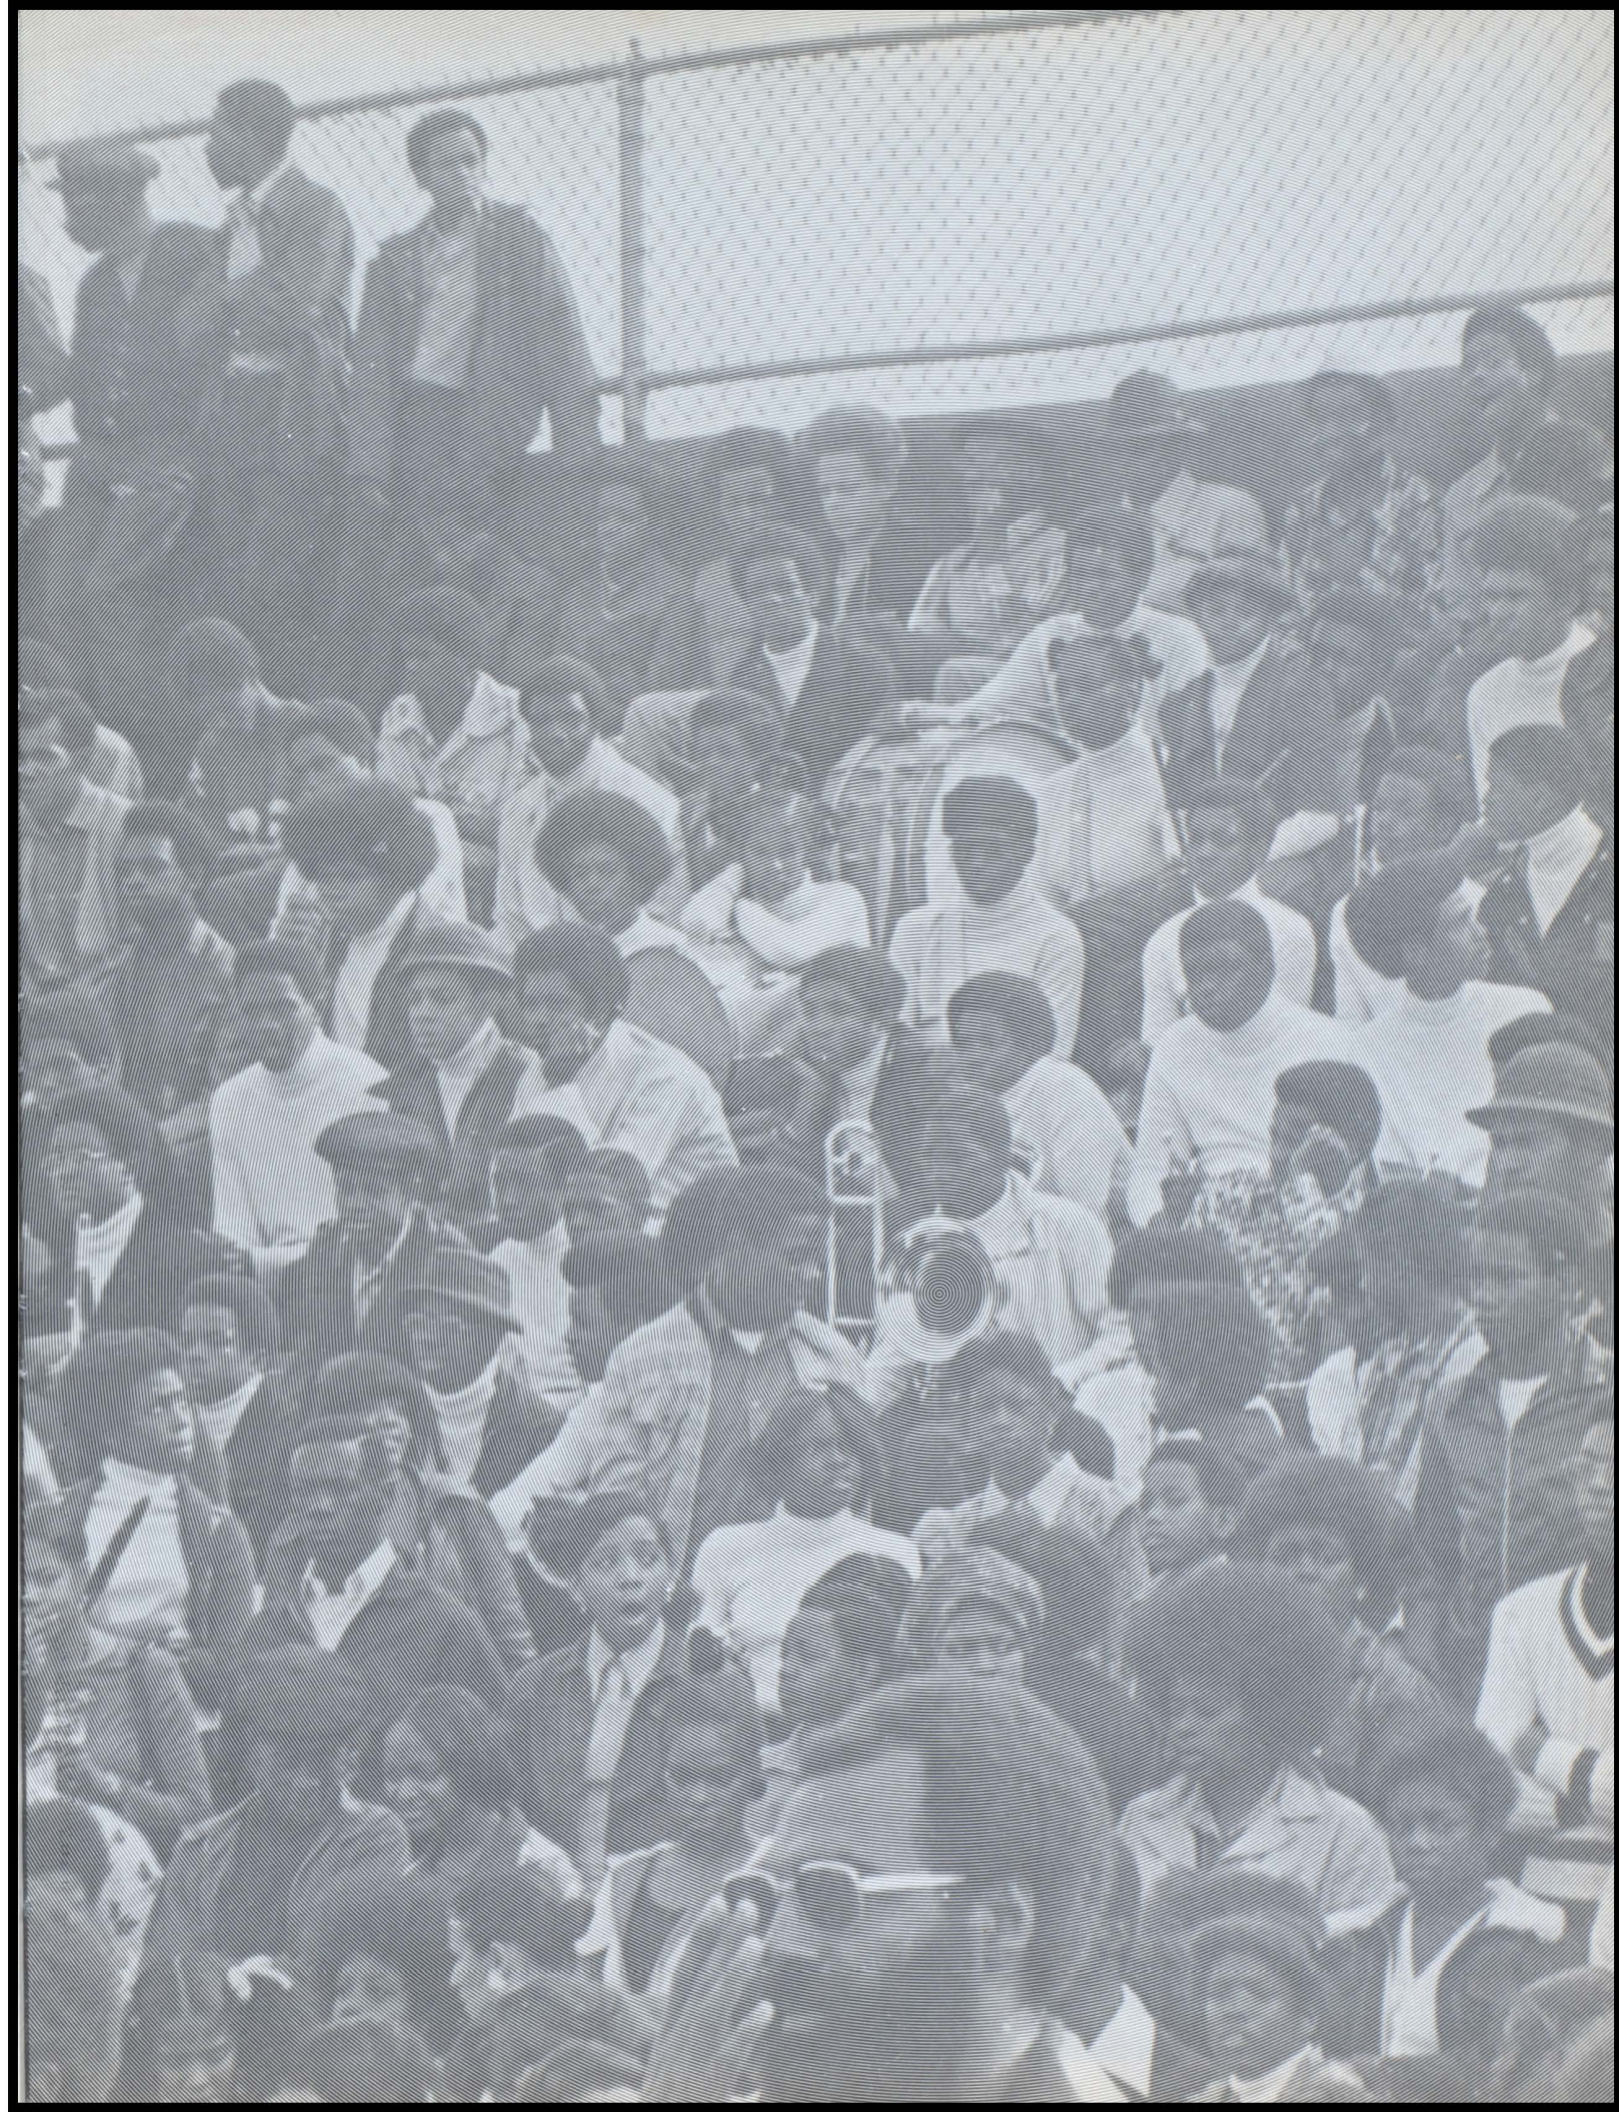

Students are selected for MAP by recommendations from their Algebra I teachers. The program begins with MAP 2 and advances to MAP 5, which is college level Calculus.

Each year many of the top students in the senior class are in MAP. Many of the MAP students have gone to college and done well. The course is taught by Mr. Seltzer, Miss Chesney, Mrs. Clark, and Mrs. Miner.
